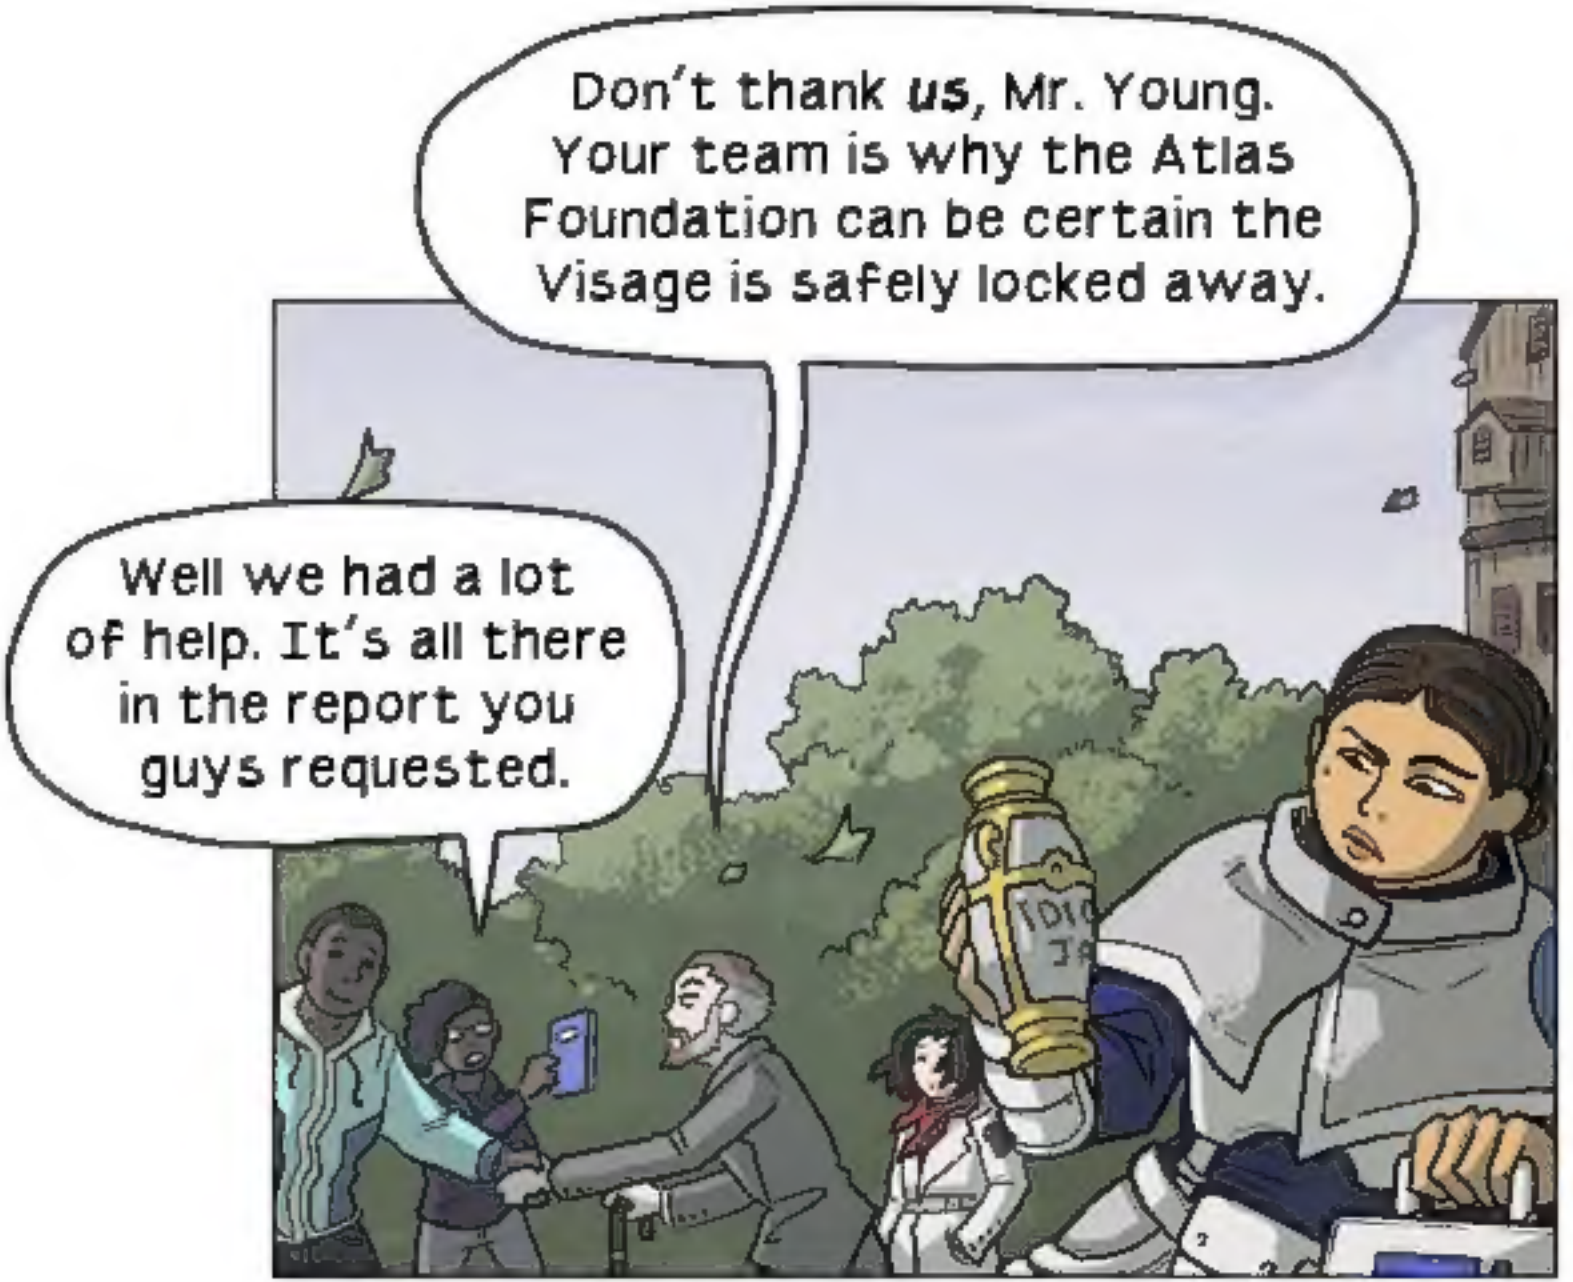
BROUGHTON HALL
Mr. Gold? Good to meet you.

It's nice of you guys to put a bounty out *after* this guy was caught.
We uh...

Haha well we racked up a lot of unforeseen expenses on this job.



Don't thank *us*, Mr. Young. Your team is why the Atlas Foundation can be certain the Visage is safely locked away.
Well we had a lot of help. It's all there in the report you guys requested.

The Verdant Hunter and his new partner. Yes, we know

Rest assured, they will receive compensation.

Ah, Karl Banks. Lost his childhood friend in a fire.

Became convinced a secretive organization was eliminating her "reincarnations".
That they had infiltrated Broughton Hall.
A sharp mind, eroded by paranoia and obsession.

What a waste,
what a waste...

Considering that he was *right.*
